- a scheduled basis (**Periodic Reviews**); and
- where a Review Trigger (as defined below) has occurred.

### Periodic Review

La Trobe Financial will complete its first Periodic Review of this TMD within 12 months of the Issue Date. It will conduct subsequent reviews within 12 months of completion of the last review. Based on the outcome of a Periodic Review, it may be determined that a Material Issue has arisen. A

**Material Issue** is an event or a circumstance which reasonably suggests that the TMD may no longer be appropriate.

### Review Triggers

The events and circumstances described below (**Review Triggers**) will also require a review of this TMD:

- material change to the terms or attributes of the Loan Product;
- where and when the Loan Product is not being distributed and purchased as envisaged by this TMD;
- an event or circumstance that would materially change a factor considered in making the TMD for the Loan Product;
- reporting from multiple distributors of 'significant dealings' in the Loan Product or numerous reports from one distributor of 'significant dealings' in the Loan Product;
- the issuer considers a 'significant dealing' has occurred;
- a sudden and unexpected increase in complaints about the suitability of the Loan Product or distribution of the Loan Product;
- regulatory inquiry by AFCA, ASIC or another regulatory authority as to the design or distribution of the Loan Product; and/or
- the use by ASIC or other regulators of Product Intervention Powers, regulatory orders or directions that affect the Loan Product.

Where a Material Issue has been identified during a Periodic Review or where a Review Trigger (defined above) has occurred, La Trobe Financial will as soon as practicable, or within 6 business days review the TMD. There are several outcomes that can arise from this review:

1. **No action:** La Trobe Financial may determine that the TMD remains appropriate;
2. **Amend or replace the TMD:** An amended or new version of the TMD will be publicly available and provided to distributors within 10 business days of the Material Issue being identified or the occurrence of a Review Trigger;
3. **Cease Loan Product distribution:** If it is determined that the TMD is no longer appropriate within 10 business days of the Material Issue being identified or the occurrence of a Review Trigger, La Trobe Financial will issue an Immediate Cessation of Distribution Notice (**Notice**) to all people and entities distributing this Loan Product. Product distribution may only resume once a new or revised TMD has been published.

## 6. Reporting and monitoring this TMD

The following reporting requirements apply to all distributors.

Reporting requirements	Reporting period
Where the distributor is aware or ought to reasonably be aware, it should report on each 'significant dealing' (see guidance below) by completing the Notification of Significant Dealing Form and submitting it to: targetmarketdistribution@latrobefinancial.com.au.	As soon as practicable but no later than 10 business days after the distributor becomes aware of the 'significant dealing'.
Distributors must report to La Trobe Financial (at targetmarketdistribution@latrobefinancial.com.au): <ul style="list-style-type: none"> <li>• if required by law, whether the distributor received complaints<sup>1</sup> in relation to the Loan Product during the reporting period;</li> <li>• the number of complaints it received; and</li> <li>• provide a copy of each complaint, or where this is not possible, report on the substance of the complaint received on the product and its performance.</li> </ul>	Within 10 business days of the end of each quarter.

In determining whether a 'significant dealing' has occurred, La Trobe Financial expects that the following non-exhaustive list of factors may be relevant for distributors:

- whether a customer outside of the target market has acquired the product; and/or
- the extent to which the acquisition of the product by the customer outside of the target market has the potential to harm or has caused harm (including the amount of any financial loss); and/or
- the nature and extent to which the distribution of the product is inconsistent with the TMD.

The above list is not exhaustive and distributors should consider, having regard to the circumstances of their business, whether other factors or events may suggest that a significant dealing has occurred. A significant dealing may be identified through the distributor's product governance arrangements, as a result of a consumer complaint or the occurrence of a Review Trigger. The purpose of having this information is to enable

La Trobe Financial to identify promptly whether a Review Trigger, or another event or circumstance that would reasonably suggest that the TMD is no longer appropriate, has occurred.
